

FEATURES AND FUNCTIONALITY

COMPLIANCE CENTER

- Ensures oversight and accountability requirements are consistently applied and continuously monitored
- Uses a powerful workflow engine to streamline and automate processes
- Generates automatic email notifications and reminders
- Seamlessly manages submission and review procedures
- Monitors the timeliness, accuracy and completeness of reporting
- Provides decision makers with 24/7/365 access to information
- Reduces paper, saves trees and provides an electronic paper trail
- Helps authorizers and schools demonstrate results

SCHOOL CENTER

- Efficiently manages communications and eliminates redundancy
 - Monitors current and historical school information – such as contact information for school administrators, mission statements, performance and accountability agreements, and key dates such as when the charter was granted, renewed or closed
 - Effortlessly sorts and organizes documents and information by charter contract and school building
 - Provides authorizers with a real-time snapshot of each school's key information
-

BOARD CENTER

- Electronically manages the board application and appointment process
- Monitors and reports information by board and by board member
- Maintains key information like board member contact information, length of service, term of office and board vacancies
- Allows quick and easy communication with board members individually or as a group
- Tracks the status of board training requirements
- Helps authorizers ensure boards comply with open meeting laws and board members comply with conflict of interest laws or other ethical requirements
- Provides 24/7/365 access to board documents such as bylaws, policies, contracts, meeting schedules, agendas, minutes and more

MANAGEMENT CENTER

- Allows authorizers to sort and view schools by Education and Charter Management Organizations
- Maintains the current and historical records associated with each Management Company such as contact information, contractual terms, services provided and fee structure
- Efficiently manages communications and eliminates redundancy
